

JANUARY 2017 MEETING REPORT

January is traditionally the Club's outdoor meeting and 15 hardy members arrived at Tench Reserve on the banks of the Nepean for a picnic meeting. Wow, the temperature in Penrith that afternoon was 37 degrees (I know we have had hotter days since), and little breeze coming off the River. A great deal of chatting and catching up after the Christmas and New Year break. Good to see Bob Salis, Robin Johnston and Terry and Denise able to make it. Unfortunately Jean and Ivan were absent as Ivan has been hospitalised with a few health issues. At time of writing this report his health is improving and thanks to Denise for keeping members up to date via emails.

In true Nepean Morry Club style, the meeting progressed in a very informal fashion and after business concluded, everyone enjoyed their picnic meal and because of the extreme heat, an early departure ensued.

Club's next meeting is at our usual location at Werrington Community Centre on Tuesday 14th February. Look forward to catching up with everyone then or at a Club event.

Cheers
Heather
