

Twin Creeks Country Golf Club Luddenham | Sunday 23 April 2017

A beautiful morning, just a special day to take our treasured cars on a run.

Everyone on time (except Karen)! meeting at Narellan Town Centre for a cuppa and natter before heading off. Pat and Don certainly got their caffeine hit (see photo) by ordering the "bucket" size coffee. Great coffee and by 10.30 we were ready to head off.

Merv had planned a run which he adapted slightly after consultation with Don and it proved a great choice. We, (Don and Pat in their daily drive along with Tony and Brenda - their Morry is still on the "sick list"), Terry and Denise in the convertible (hood up!!!), Karen, and Merv and Heather in their Morris Major and great to see Ivan and Jean on the run in the Ute) headed to Camden and then towards The Oaks taking the Big Hill route which brought us out on to Silverdale Road. Followed Silverdale Road through beautiful green countryside with very little traffic until we reached Silverdale, then down into Wallacia, on to Northern Road then Elizabeth Drive and Luddenham Road to our lunch destination, Twin Creeks Country Golf Club. Lovely lunch overlooking the 18th.

After too much food and far too much talk, the group set off home in different directions. Terry and Denise had the most eventful trip, running into a severe storm on Picton Road. Fortunately they still had their hood up.

A lovely run, looking forward to more.

Thanks to Denise for the photos
