

REPORT ON RUN TO TRACTOR 828 - SUNDAY 11th MARCH 2018

Firstly, thanks to Brenda and Tony for their research for this venue. Their run sheet was excellent and the venue a delicious delight.

As is now our custom, we met at Panthers for coffee and our meeting. This new system appears to be working.

Meeting at Panthers were: Merv and Heather (Morris Major Elite); Karen (4 door MM); Don and Pat (daily drive) Steve Borg (new member - Mini Clubman) Robert (daily drive); Brenda and Tony (2 door MM) Terry (convertible MM), Terry Chesters (daily drive). Terry C and Robert did not continue for the run so the convoy left to meet up with Sue and Kevin (SUESUTE) and Val and Bob (4 door MM) at Macquarie Park Windsor.

The usual inspection of vehicles took place, and Steve's Mini creating interest. The convoy then moved off for a very scenic drive through the beautiful riverlands area across to Ebenezer.

Arriving at the venue, parking was a little tight however the setting and ambience of the cafe was lovely and the Menu proved to be satisfying for all tastes.

After enjoying our lunch the usual catch up chat was the order of proceedings and then, time to head home. A lovely day once again, quite warm but very enjoyable.

Look forward to catching up with as many members and their cars at our April destination, Oakville Fire Display Day.
