

MID WEEK MANOUVRE TO TROTS AT MENANGLE PARK

7 May 2019

Report by Heather Dunlop

Our visit mid week to the Trots at Menangle was defintely something different and most enjoyable. Entry is free and the facility is top class. Great viewing indoors and out. Food was good value and good quality.

Don and Pat brought some friends, Lyn and Kevin, and they really knew their horses, winning on most of the races. Danica (Terry's daughter, who came to keep the "oldies in order") had a good win on the first race with absolutely no knowedge, just going on the name she liked.

Unfortunately Tony and Brenda were unable to make it however the small group of Karen, Heather and Merv, Don and Pat and their friends and Terry and Danica had a fun few hours with very little monetary damage. Definitely worth another visit.
