

## **CLUB RUN TO PICTON | 23rd February 2020**

*Report by Heather Dunlop*

With the changeable weather conditions leading up to Sunday 23rd, it was a little doubtful if the weather would hold. The weather Gods were kind to all Car and Motor Cycle Clubs, lots of activity on the road with a fine day ahead. Due to a bridge collapse on Burraborang Road, Back Creek, the destination was changed.

We met at Macca's Narellan and enjoyed our usual catch up and coffee. Kerry and Andrew were already there in their four door along with Brenda and Tony and Don and Pat in their daily drives. Karen arrived in her four door and the group headed off on the planned route. (Heather and Merv in the Traveller after quite some time off the road).

Our route took us through Camden, out to The Oaks along the scenic ridge of Montpelier Drive, winding down Barkers Lodge Road into Picton and then to the Botanic Gardens. A surprise awaited us at the picnic area, Terry had gone directly to the venue and saved us a covered table area.

After our meeting we enjoyed our various dining experiences and then went for a relaxing stroll through the lovely area of the Gardens. Our raffle was won by Tony and generously donated by Kerry and Andrew.

Our farewells made, our journeys home were taken. Another enjoyable relaxing day.

See Calendar of Events for coming Club runs.
